

NORTH STAR[™]
WATER TREATMENT SYSTEMS

Offering You Innovative

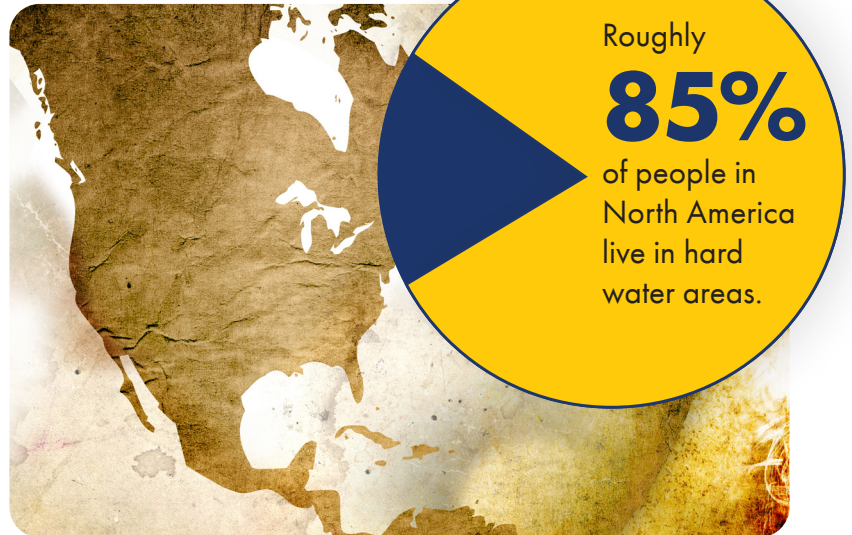

Water Softening and Filtration Solutions

★★★★★
PROVIDING OUR CUSTOMERS
WITH A 5-STAR EXPERIENCE

Are you satisfied with your water?

Water plays in an important part of our daily lives, both in our homes and the businesses we frequent. Roughly 85 percent of people in North America live in hard water areas. Unfortunately, many in that **85%** don't take action to improve their water.

Sources: U.S. Geological Survey

Do you experience these problems?

- Stains that are difficult to remove
- Tiles and tubs won't rinse clean
- Dishes are spotty and glasses are cloudy
- Skin feels dry and itchy
- Hair is dull or lifeless
- Faucets and fixtures are covered in a white crust
- Pipes become clogged
- Pipes become clogged
- Water-using appliances run inefficiently
- Low water pressure from shower and sinks
- Clothing looks dingy and yellowed
- Soap doesn't lather
- Towels are scratchy and hard
- Water Heaters form scale that prevents them from heating efficiently

Who is North Star?

North Star Water is here to help you grow your business. Our dedicated program along with North Star's time-tested 95-year history of quality, give you the winning tools and products to transform your water treatment solution. Customers will see the difference with North Star's proprietary algorithms that save on water and salt costs, maximum efficiency with up flow brining and lasting quality with an exclusive rotary valve.
