

IN/OUT ALL PURPOSE Filter (Empty)

The North Star In/Out All-Purpose Filter (IOAPF10) allows for a customizable water treatment solution. Simply select the desired media, add it, and install the filter. There is no control board or backwash, so no electricity or drain is required.

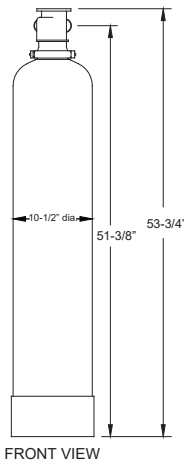

FEATURES

- Upflow, all-purpose tank filter (media not included)
- 10" x 47" empty tank
- Select the mineral type and configuration that best treats the problem water
- Upflow design does not require water for backwashing
- Fill port on in/out adapter allows addition of media without removing the adapter
- Large 1" connection
- Multiple parallel units can be used for maximum flows

WARRANTY

Warrantor guarantees, to the original owner, for a period of one (1) year from the date of purchase, all parts will be free from defects in materials and workmanship and will perform their normal functions. For a period of ten (10) years from the date of purchase, the fiberglass mineral tank will not rust, corrode, leak, burst, or in any other manner, fail to perform its proper functions. For a period of three (3) years from the date of purchase, the electronic control board and valve body will be free of defects in materials and workmanship and will perform their normal functions. If, during such respective period, a part proves to be defective, Warrantor will ship a replacement part, directly to your home, without charge.
